PROFESSIONAL SUMMARY

Creative and detail-oriented Information Technology undergraduate with a strong focus on UI/UX design, graphic design, and digital product development. Skilled in designing user-centered interfaces, interactive prototypes, and responsive web experiences using Figma and modern frontend technologies. Passionate about building visually compelling digital solutions and continuously learning modern design practices.

EDUCATION

Bachelor of Science (Hons) in Information Technology Expected 2027
Sri Lanka Institute of Information Technology (SLIIT), Colombo, Sri Lanka

TECHNICAL SKILLS

UI/UX Design: Figma, Wireframing, Prototyping, User Flows, Design Systems, Responsive Design
Graphic Design: Adobe Photoshop, Adobe Illustrator, Canva, Typography, Branding
Frontend Dev: HTML5, CSS3, JavaScript, React, Bootstrap
Backend & Database: Node.js, Laravel, PHP, MySQL
Tools: Git, GitHub, Microsoft Office

PROJECTS

Foodie – Mobile App UI Design 2026
Tools: Figma, UI Design, Prototyping

- Designed a modern food-ordering mobile application using Figma, including wireframes, user journeys, and interactive prototypes.
- Built a reusable design system to ensure visual and functional consistency across all screens.
- Improved usability through iterative design reviews and simulated user feedback cycles.

Travel Lanka – Tourism Website Redesign 2026
Tools: Figma, Adobe Photoshop

- Redesigned a tourism platform with a modern, responsive interface optimised for desktop and mobile users.
- Crafted intuitive booking flows and destination-browsing experiences aligned with user goals.
- Applied accessibility and usability best practices throughout the design process.

Social Media Marketing Campaign Designs 2025
Tools: Adobe Photoshop, Adobe Illustrator, Canva

- Created promotional graphics including Instagram posts, banners, and digital advertisements for marketing campaigns.
- Maintained visual consistency across all campaign assets in line with brand guidelines.

Doctor Feedback Management System 2025
Tools: Figma, HTML, CSS, JavaScript

- Designed healthcare dashboard interfaces, user workflows, wireframes, and interactive prototypes.
- Focused on accessibility and user-centered design principles for medical-facing screens.
- Collaborated with the development team on frontend implementation planning.

EXPERIENCE

Academic and Freelance Design Projects Ongoing

- Designed website interfaces, dashboards, and mobile application concepts across multiple academic and freelance projects.
- Produced social media graphics and promotional materials for peers and clients.
- Refined deliverables iteratively through feedback sessions and usability testing.

CERTIFICATIONS

- UI/UX Design Fundamentals
- Responsive Web Design
- Introduction to Graphic Design
- Frontend Web Development

SOFT SKILLS

Communication — Teamwork — Creativity — Problem Solving — Attention to Detail — Time Management — Adaptability
